

Adhesive water-based product designed to create sticky surfaces and sheets for trapping insects

Read the label carefully before use.

<u>Ingredients:</u>	
Elastomers	35%
Resins	20%
Other	45%
TOTAL	100%

General:

AMARILLO™ is a water-based product used for trapping flies and other flying insects in orchards, greenhouses and animal containment areas. AMARILLO™ does not contain organic solvents or pesticides. AMARILLO™ does not wash off easily and is resistant to rainfall and irrigation. AMARILLO™ maintains its stickiness and is effective under greenhouse conditions up to 3 months. Exposure to heavy dust environments or direct sunshine can reduce the duration of its effectiveness. The sticky surface can be renewed by applying another layer of AMARILLO™ over the previous one, at any time.

Precautions:

- Keep AMARILLO™ away from and out of reach of livestock.
- Eye contact can cause temporary irritation and slight redness.
- Skin contact can cause slight, temporary irritation.
- Inhalation can cause slight irritation in the throat and nose.

User Safety Recommendations:

- While handling AMARILLO™, use chemical resistant gloves, wear dust mask, and goggles.
- Avoid spraying against the wind direction to prevent product inhalation.
- Do not spray above shoulder height.
- Keep AMARILLO™ away from food and drink, and out of the reach of children.

First Aid:

- If swallowed: Give person a large quantity of water. Do not induce vomiting. If needed, get medical attention and present this label.
- If on skin: Wash thoroughly with soap and water.
- If in eyes: Rinse eyes with plenty of water for 15-20 minutes, until irritation subsides. If irritation persists, consult a physician.
- If inhaled: Move person to fresh air. If breathing difficulties develop, get medical attention.

Directions for Use:

AMARILLO™ can be applied by spraying, brushing or rolling on polyethylene sheets, or any other smooth and non-absorbent surface. If sprayed, use jet nozzles (T Jet 8003).

AMARILLO™ is ready for use. **Shake the container well before use. DO NOT ADD WATER. DO NOT dilute or mix with any other product.**

Recommended Dose: 0.25 oz-0.33 oz./sq.foot. creates a full and thick layer. Wash sprayer, tools and hands with soap and water immediately after use.

Spilled Material: Absorb with sand or other absorbent material. Dispose in trash. Avoid allowing the product to reach the sewer system.

Disposal of Used AMARILLO: Dispose in trash.

Storage: Store the product in its original well-sealed package, in a dry and cool place, out of reach of children. Avoid prolonged storage after the container is first opened.

Note: AMARILLO™ is not flammable in its liquid stage. After drying, keep away from open fire sources and sparks.

Remark: Use AMARILLO™ as per all instructions and precautionary statements appearing on the label. Luxembourg is not responsible for direct or indirect damages arising from failure to use the product not in accordance with these instructions.
